ATTACHMENT 1

6 October 1950

MEMORANDUM TO: Chiefs of Division and Staffs, OSO and OPC

SUBJECT: Briefing Data for OSO and OPC Wives and/or Husbands  
Stationed Abroad.

1. TRD is preparing a manual to be used in briefing wives and/or husbands stationed abroad, on security measures, social protocol, and other problems which might pertain.
2. At present there is very little material available from which to draw sufficient data for the compilation of such a study.
3. It would be helpful and appreciated if members of your staff who have been confronted with situations pertinent to this study would make available their experiences, along with suggestions for overcoming or alleviating the problems. If they prefer, they might write brief memoranda on the subject; otherwise, a member of TRD will arrange an interview at their convenience and at their office.
4. The utmost cooperation is requested in order for this manual to achieve maximum effectiveness.

5. For additional information please call  on extension
